

SCHEDULE

of courses and seminars of KAM and IÚUK
will be agreed upon on Tuesday 2017-02-20 at 15:40 in the room S5

The following courses will be scheduled:

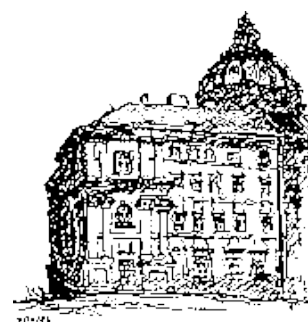

- NDMI007** Combinatorial algorithms (*L. Kučera*)
- NDMI013** Combinatorial and computational geometry II (*J. Kynčl, M. Tancer*)
- NDMI018** Approximation and online algorithms (*J. Sgall*)
- NDMI022** Seminar on Combinatorics (*O. Pangrác, R. Šámal, M. Tancer*)
- NDMI056** Selected chapters on combinatorics II – Ramsey theory (*J. Hubička, J. Nešetřil*)
- NDMI085** Graph minor theory (*Z. Dvořák*)
- NDMI088** Graph algorithms II (*M. Mareš*)
- NDMI093** Seminar on algorithms and data structures (*M. Mareš*)
- NMAI071** Mathematics++ – Topology (*I. Kantor, R. Šámal, M. Tancer*)
- NOPT017** Multiobjective optimization (*M. Hladík*)
- NOPT053** Optimization seminar (*M. Hladík, J. Fink*)
- NSWI134** Code optimization in production compilers (*J. Hubička*)
- NTIN042** Parallel algorithms (*L. Kučera*)
- NTIN067** Data structures II (*M. Mareš*)
- NTIN072** Seminar on approximation and online algorithms (*A. Feldmann, P. Kolman, J. Sgall*)
- NTIN082** Computational complexity (*M. Koucký*)
- NTIN086** Selected topics in computational complexity II – DS lower bounds (*D. Chakraborty*)

These courses will be scheduled in a different way:

- NDMI015** Combinatorial counting (*M. Klazar*)
Please write an e-mail to klazar@kam.mff.cuni.cz.
- NDMI045** Analytic and combinatorial number theory (*M. Klazar*)
Please write an e-mail to klazar@kam.mff.cuni.cz.
- NDMI052** Seminar on combinatorial problems (*J. Kratochvíl, J. Fiala*)
On-line at <https://doodle.com/poll/dagigcixbdn8dqcd>.
- NDMI077** Algorithms for specific graph classes (*J. Fiala*)
On-line at <https://doodle.com/poll/uv9pactcm29ysfpf>.
- NMAG536** Proof complexity and the P vs. NP problem (*J. Krajíček*)
Please write an e-mail to krajicek@karlin.mff.cuni.cz.
- NMAI064** Mathematical structures (*M. Klazar, A. Pultr*)
Please write an e-mail to klazar@kam.mff.cuni.cz.
- NOPT013** Mathematical economics (*K. Zimmermann*)
Please write an e-mail to zimm@kam.mff.cuni.cz.

The schedule of these courses are already fixed:

- NDMI090** Bioinformatics seminar (*P. Daněček, M. Loeb*)
- NMAI068** Mathematical analysis IV (*M. Klazar*)
- NTIN050** Seminar on computational complexity (*M. Koucký, P. Pudlák*)
- NTIN102** Seminar on limits of efficient computation (*M. Koucký*)
